The Silk Artist.

One of the most welcome visitors to our city is William C. Ellis, the silk artist from the White Sewing Machine Co. of Cleveland, O., this being his fourth visit here to demonstrate the famous White sewing machine for B. W. Hooker & Co. Mr. Ellis demonstrates in the large show window. The machine he uses is fitted up in a very attractive manner and has a booth-like effect. On this machine Mr. Ellis does his fancy stitching and name writing. He has one other machine fitted up to do darning, mending, patching and battenburg work, also another machine fitted up to do attaching

ment work such as tucking, ruffling, plaiting, binding, braiding, etc. Hooker & Co.'s window is large and magnificent. It is beautifully trimmed and decorated with fine and artistic work, all done on the wonderful White sewing machine. Mr. Ellis uses finest shaded Belding silk and fine Belding satin. He says they are the best and praises them very highly, and also displays a number of Belding signs in the window.

Saturday night the show window was filled with ladies watching the silk artist, the sidewalk was packed with a promiscuous crowd and the sidewalk the next morning was covered with peanut shells, the same as you find at a country circus after the crowd has gone. Every lady gets a souvenir by calling.—Adv.

Barre people who have enjoyed the advantages of real outdoor life at Camp Watson on the shores of Lake Champlain near Milton will regret to learn that the camp-houses, bath-houses and pavilion were destroyed by fire early Sunday morning. Other improvements about Camp Kernel include a porch overlooking the pond on the south side of the pavilion. The piazza is large enough for dancing, with a raised platform reserved for an orchestra.

These Are Busy Days

So many getting ready for commencement and graduation exercises. Lots of novelties, lots of good values in kinds that are right. More than the usual assortment of kinds that sell at this season. Just a few here for you to think about and ask to see.

Special Prices on Embroidered Flouncings

These are a lot that we bought too many of—more than will sell at regular prices. So now we are to sell them at a less—yes, quite a lot less—than they cost us.

Several pieces of 42-inch very heavy Embroidered Crepe Flouncings that sold well at \$1.98, now to reduce stock at only 98c per yard. See these in our window. Be on hand before Saturday night if you want them. This makes a very nice dress at the cost of a summer muslin dress. They are the bargain of this season.

Silk Gloves

We have special values in Long Silk Gloves in Black and White, to sell at 50c, 75c, and \$1.00. These are all of them the Niagara-Maid Gloves, so highly advertised in all magazines.

Children's Gloves in White and Colors at 25c per pair.

Ladies' and Children's Parasols. The largest, best selected lot in years. Plain colors are good. These we have in special prices. One lot at \$1.35, one at \$1.69, one at \$1.98. These are fully 25 per cent. under the market.

The Latest in Handkerchiefs

Here is a fad in Handkerchiefs. We have just received from Marshall Field & Co. their select line.

The latest are Two-Tone Handkerchiefs. These are very pretty and very cheap. When you see them and ask our price, it will astonish you (so cheap).

A large assortment of Two-Tone Handkerchiefs made of all linen and Shamrock lawn, beautifully embroidered by hand, in all colors to match your wool or wash suit, and the price is but 25c for 2 Handkerchiefs. Every lady and miss can have one or more.

Handkerchiefs for graduation favors come in Two-Tone Silk Crepe de Chine. These are very pretty; come in assorted colors; made to sell for 25c, 35c, and 50c. We are offering the full assortment. Your choice while they last at 25c each.

The enormous amount of Handkerchiefs imported by Marshall Field & Co. of Chicago enables us through them to give you Handkerchief values far better than the average dealer.

These can be all ordered by parcel post. We pay the postage.

Ladies' Separate Coats

We are now showing one of the largest lines and varieties of styles in Coats that we have had at any one time this season. These are not Coats that have been carried and handled over, but new Coats in lots of hardly two alike, that we were able to pick up when in the market the past week.

If you want a good, serviceable, stylish Coat in the season's best style and made from cloths that have been the season's best, you should see our line of All-Silk-Lined Coats we have now, at only \$10.00. These are Coats that are exceptional values.

At \$7.50 we have a good display of All-Wool Serge Coats, finished with silk cuffs and collars. In the Mixture Coats we have a good display of the new models, in Gray and Brown Mixtures, at prices that are right.

Ladies' Separate Coats

We have a few odd Silk Coats in this lot of garments that are selling at about one-third off from the regular prices. These are in a quality of Silk that for service and style is the best.

We also have in this lot of Sample Coats some extra values in the large sizes up to 46 size. If you wear a large-size Coat, you should see these values.

Palm Beach Suits and Coats

We are now showing a lot of new models in Palm Beach Suits at prices that are right.

This is a cloth that is made for service, and it does not crush or wrinkle badly. If you like a light summer suit, these are the materials that will please you.

The Palm Beach Dust Coat is a Coat that is made to be used both high and low collar, and makes an ideal dust garment.

From now on, you will find special values in our Millinery Department. Lots of new summer shapes and styles just arrived by post and express. Bring your Millinery wants here; we will take care of you and do it well. We can please you.
